

# Byomic Kids Insect Explorer Set – 18 Pieces

 **Discover. Observe. Learn.**

Let children experience the magic of nature with the Byomic Kids Insect Explorer Set – 18 Pieces. Designed for young explorers aged 3 and up, this eco-friendly set combines durable bioplastic made from wheat straw with safe, child-friendly tools for outdoor adventures.

## What's in the set?

- **Binoculars** – Lightweight and sturdy for spotting insects and birds at a distance.
- **Multifunctional whistle with compass and flashlight** – A 3-in-1 tool for navigation, safety, and outdoor fun.
- **Tweezers** – Gently pick up insects or nature finds, promoting fine motor skills.
- **Safety scissors** – Rounded blades for safe cutting during crafts and exploration.
- **Magnifying glass** – Large, clear lens for examining small specimens up close.
- **Educational cards** – Colorful insect illustrations with names for learning and recognition.
- **Toy insects** – Fun models that help children become familiar with real insects through play.

## Why choose the Byomic Kids Insect Explorer Set?

- ✓ Made from bioplastic – eco-friendly, safe, and durable
- ✓ Light and portable – ideal for excursions, school projects, or vacations
- ✓ Encourages STEM thinking – discover, investigate, and learn by doing
- ✓ CE-certified – meets European safety standards

Share the wonders of nature with your child.  
Give them the tools to explore, learn, and be amazed.

 Adventure begins with the Byomic Kids Insect Explorer Set.
